They discussed airport business concerning new hangars. Mr. Copley reported he was going to Wichita to look at the hangars proposed by John Phillips. Mr. Copley stated J & J Contractors had requested to pour cement in the area of the hangar he rents if the County will supply the cement, he will supply the labor. Commissioners approved. Commissioners discussed a hangar currently at the airport that is in poor condition. Commissioners stated they would like to see how much it would cost to update the condition. Mr. Copley will check into this. Commissioners asked about the advisory board's standing with John Womack's proposal to install a private hangar. Mr. Copley stated there will be a Airport Advisory meeting on Jan. 10th, 1998, at which they will discuss the proposal.

Jack McKarnin, House and Grounds Director, and Gary Stout, Stout Electric Company, discussed the electrical switches in the Courthouse. Mr. Stout discussed the pros and cons of changing the panels from fuses to breakers. He stated there is plenty of "juice" coming in to the courthouse to handle the load of all the computers. The problem is with the fuses not having enough circuits. He stated the new breaker boxes would fit into the old fuse boxes and look half way decent. He stated it would be hard to tell how much it would cost until a person got into the change. He suggested changing one box at a time. Commissioners stated they felt one box changed out at a time was the way to go. Mr. Stout will give a cost estimate.

Mr. Stout will give a cost estimate.

Jack reported the compressor is going down. He stated work on the compressor will begin Thursday, Jan. 8, 1998.

Becky Nilges, Iola Area Chamber of Commerce, reported the Chamber received two web pages proposals for the county. Ms. Nilges stated the committee felt there was not enough difference in the web pages proposed so the decision was made on the lowest price. The committee recommends Scott E. Bideau, Alternative Web Designs, Mr. John Heard was the other bid. Commissioners will have Alan Weber, the County Counselor check over the contract and the Commissioners will approve or disapprove the contract according to Alan's recommendation.

Commissioner Thompson reported on a call he received by City of Gas Clerk concerning the sewer problem City of Gas and City of LaHarpe have. He will attend a joint city meeting and report back to this commission.

property and casualty insurance. Bill was present to assist with information on the machinery that his department uses. Losses were discussed. Tom reported on the work comp. rating.

Cecil and Raymond Pritchett of Pritchett Trash Service, Nevada, MO discussed trash rates. Commissioners gave a list of rates to Mr. Pritchett. There is very little deviation. Bill had already spoken with the Pritchett's. Commissioner Thompson stated that the rates are not negotiable. Mr. Pritchett estimated that he would spend around $70k with Allen County. Bill discussed rates of other counties. Bill told the Pritchett's what they have to do when bringing trash into the landfill. They will not bring in Missouri trash, but do collect in Bourbon County.

Jack Graves, Iola Fire Chief, discussed the rescue truck. Jack explained what the problem was with the bid that was accepted from Hackney. He presented a drawing that illustrated the rescue vehicle and the compartments that would not be included. Jack has already called the next lowest bid and found out that Central States can do what is required in the bid specs. He also would like to have roll up doors and heighten the body of the vehicle so that it will look better. These two options would move the price to $87k opposed to $85k. Commissioners will call Don Madison to make sure that all is within the requirements of the purchase. If so, commissioners do approve Jack purchase from Central States, which is purchased through Hayes Fire Equipment out of Hayes, KS.

Jack talked about the ambulance remount. The color will stay the same. When the ambulance is ready, Jack will call and let the commissioners know.

Don Copley, Allen County Airport Advisory Board, reported the hangars offered at an earlier meeting were not the person's property to offer to the county. Mr. Copley will map out a proposal for new hangars. He will get approval from the Board before bringing the proposal to the Commissioners. He reported no one has been to the airport for bids to pour cement in the hangars.

Mr. Copley reported the Board requests no fence be installed bordering between the airport and the Jenkins property.

Judge John White, Judge Tom Saxton, Iola and Judge Fred Lorentz, Fredonia, were in to discuss the Community Correction program. Judge White explained the planning of this committee operating out of Pittsburg. He suggested the commissioners withdraw from the SEK Community Correction, which includes the 11th and 31st Judicial Districts. Currently this involves seven counties, and his proposal will affect the four counties of the 4th Judicial District. (Allen, Neosho, Wilson and Woodson). State Department of Corrections approves as long as there is a plan in effect when they withdraw from the current correction. Judge Lorentz explained how the current correction program is operated. There are twelve full time workers, eight part time, two of which are in this district. He explained what was being proposed. The current contract would allow the counties withdrawing to notify the current correction center before the end of the fiscal year. He reported the end of the fiscal year is June 30, 1998, the plan will have to be in effect to take over as of July 1, 1998, providing the four counties agree. This would allow more efficient case loads per county. Discussion followed. Judge White stated this would not affect anything accept the four counties. Commissioner Thompson asked what the counties who had already discussed thought of this option. Judge Lorentz said all will agree or this option plan will not be implemented. Commissioner Barber asked about funding. Commissioners stated they intended to proceed with the proposal for withdrawing from the current Community Correction.

Bill King, Public Works Director, discussed buildings at the landfill and road work.
Mr. King discussed bridge projects. He stated there will be a Field Check meeting scheduled west of river bridge in Humboldt (project #1C-3092-01) and of the Seven Arch Bridge (project #1C-3515-01). These meetings will be within the next two months. Mr. King reported on the land acquisition for the bridge project on the Allen/Neosho line (project #67C-3544-01). Allen County will acquire right-of-way for this project on the Allen County side.

Mr. King presented spreadsheets on dust control bids. Scotwood Industries bid $.398 per gallon for magnesium, $.337 per gallon for calcium and demurrage rates were 2 free hours, then $35.00 per hour. Carter Waters had no bid for magnesium, $.405 per gallon for calcium and demurrage rates were 2 free hours, then $50.00 per hour. Commissioner Barber moved to approve the bid from Scotwood Industries for calcium chloride at $0.337 and to keep the cost of dust inhibitor at $0.68 a foot. Commissioner Works seconded, motion passed unanimously.

Mr. King reported on two accidents concerning county vehicles.

Mr. King and Commissioners discussed the possibility of a turn around drive at the airport to accommodate large trucks.

Mike Russell, KIKS Radio, checked in to find out about county business.

Jack Graves, Iola Fire Chief, discussed the new ambulance and asked where it should go, Moran or Humboldt. Commissioners stated it would go to Moran. He discussed the trip to St. Louis to pick up the new ambulance.

Jack Graves, Iola Fire Chief, and Weldon Padgett, City of Iola Administrator, discussed out of county ambulance transfers and the fact they are increasing. Chief Graves presented a letter reflecting that in 1997 there were 300 inter-hospital transfers. These sometimes occur more than one at a time. Commissioners stated they would be open to change the policy to allow more ambulances to be out of the county at one time. Mr. Padgett questioned whether or not we could establish a contract with surrounding counties to provide back-up in emergencies. Commissioners stated there was not one in place at this time. Moran and Humboldt cover for one another. Weldon stated the dispatchers concern when the Moran ambulance were out of the county on an inter-hospital transfer and another transfer is needed. Chief Graves will compile data on inter-hospital transfer runs for the ambulances. Commissioner Works moved to consider the policy change to allow more ambulances to be out of the county at one time. Commissioner Barber seconded, motion passed unanimously.

Mr. Padgett requested the County help with Horville Road. Commissioners stated they needed a letter from the City of Iola outlining their participation in the Horville Road project.

Chief Graves discussed the Rescue Vehicle, Commissioners will not sign the contract until the bond is completed.

Chief Graves discussed the 1998 EMS Re-Certification Schedule his department will teach. Some classes are offered in the evening to allow for all needing to attend.

Chief Graves requested Jeff Bauer be allowed to enroll in an EMT class at the Juco. Commissioners approved, and payment of his tuition.

Chief Graves requested four Allen County Ambulance personnel be allowed to seek IV training. Commissioner Works moved to approve the county pay for the cost of this class and send a letter to Moran and Humboldt Ambulance encouraging them to enroll in the IV class. Commissioner Barber seconded, motion passed.

John Womack, Allen County resident, discussed his wreck with a Sheriff's deputy and the insurance company refuses to pay. Mr. Womack stated the insurance had not settled with him. He explained the option the insurance company gave to him. He wanted the commissioners to know he hired an attorney to deal with the insurance company.

Commissioner Barber move to approve the cereal malt beverage license for Humboldt Speedway. Commissioner Works seconded, motion passed unanimously.

Chief Graves was in to discuss a radio in the ambulances. To upgrade the old radio for the new
ambulance would cost $400.00 and to purchase a new radio would cost $500.00. Commissioner Works moved to purchase a new radio for the new ambulance. Commissioner Thompson seconded, motion passed unanimously.

Deputy Anthony Young discussed a letter he received from an attorney concerning a wreck in the county. Deputy Young discussed sign policies with the Commissioners. Commissioners stated they have 24 hours to replace stop signs. Deputy Young discussed their process to report signs that are down. Mr. King reported the sign in question was put up on Friday of the week of the wreck in question. Deputy Young reported he had to call the sign down again later that weekend, and the accident happened that same weekend. Ron Moore, Allen County Sheriff, joined the meeting. Commissioners discussed turning the questionnaire over to the insurance company. Commissioners will discuss this with their county attorney.

Elmer Tatsch, Wholesale Water District Administrator, discussed the laying of a water line along the Austin Road currently under reconstruction. Mr. Tasch discussed the paper showing the county giving right away for future liability was not filed yet. Commissioners will check with the County Counselor. Discussion followed. Mr. Tasch offered to finish the moving of the water line along Austin Road for $9,000.00. Commissioners will have Mr. King check into the state paying for the move, before making a final decision.

Sandra Drake, Allen County Appraiser, asked the commissioners to consider new AS400 printers. The current printers are 10 years old. The new ones would have less maintenance cost and faster speed. Commissioner Barber moved to purchase two new printers from IBM at the cost of $6955.00 for the use in the Appraiser's Office and the Computer Room. Commissioner Thompson seconded, motion passed unanimously.

Commissioners went outside to view the new ambulance.

Judge John White was in to explain why some counties want to withdraw from the current Community Corrections Program. He explained the cost would be split between the counties involved in the current grant. He feels the future will bring several community based program options. He stated they are wanting to get a jump on this. He stated that if there were going to be community based programs they should be in our community. He explained some goals they were looking at for the future. He explained the law requiring the county to have a program would be in effect when they withdraw from Crawford County Community Corrections. This must be done by April 1, of any given year to be in effect July 1, of any given year. He spoke of a few plans that had been thought to work. Commissioners asked questions on finance cost and how much financing would be coming into the region. Judge White stated he would like to see the four county withdraw either this year or next. Commissioner Works asked if Judge White thought all seven counties would agree on this. Judge White responded he definitely thought they would. Commissioner Thompson asked what the advantage for certain other counties would be. Judge White stated the objection is not the funding, but the way the program is being handled. Commissioner Works suggested Judge White confer with the other counties, then present the official paper work to the commission for signatures. Commissioner Thompson asked about budget proposal from Judge Lorentz.

Alan Weber, County Counselor, discussed a sample sewer petition for some residents south of Humboldt.

Commissioners discussed the water line right of way for Mr. Tatsch. Commissioner Works explained the happenings of this particular subject to Mr. Weber. An easement agreement was suggested by Mr. Weber. The rescue vehicle contract was discussed. Mr. Weber will review the contract.

Commissioner Thompson discussed a letter sent about sewer district #1. The lagoon is the issue. The company that sent the letter has offered to do an evaluation. Commissioner Works suggested finding out from KDHE what the requirements are, before having a company evaluate. Commissioners will ask Doug Cole, L.E.P.P. Coordinator to check out the situation.

Commissioner Thompson talked about the Austin Road paper work that must be turned into the State. He will call and let the State know these papers will be in the first of next week.

Mr. King explained there are plans to do something with the bridge on the corner of Horville Road this year if the road is not built. Discussion followed on the bridges and drainage. There was discussion on the traffic backup the new road might create on Hwy #54, caused by people turning north onto Horville Road. Mr. Gumfory discussed the build up of the road and discussed right-of-way. Discussion followed. Mr. Padgett suggested if it was done, it should be contracted out to an engineer. Mr. Pershall stated he wanted to know if the County was even interested in the road. Commissioners stated they were waiting to see what the City was going to do about it. Commissioner Pershall stated it was a county road and he felt the county should take the first
He discussed the heavy traffic on State Street and Miller Road. Mayor McRae stated the City would be willing to assist with the cost of the building of the road. County Commissioners asked for an amount. Commissioner Pershall stated if it were to happen, the engineering should be started now. Discussion followed. City Officials stated they would be willing to go 50/50 on an engineering study with the County. Discussion followed. County Commissioners stated they would go along with an engineering study. City Commissioner Gumfory moved to allow Ken Shetlar, engineer, to present plans on the Horville Road. City Commissioner Pershall seconded, motion passed on the City side.

City Commissioner Pershall discussed the letter received from the county concerning the city annexing to the middle of a road. The county feels the entire road should be annexed.

Commissioner Thompson explained he did not want the engineer to start on the road, but that he would approve the 50/50 plan to have them look at the cost. Commissioner Thompson moved to have Ken Shetlar present plans on the Horville Road at a cost shared 50/50. Commissioner Barber seconded, motion passed.

John White, 31st District Judge, reported that the budget for the SEK Community Corrections was approximately $500,000 and this district's share would be approximately $170,000. Commissioners discussed how the proposed administration would be run. Judge White explained it would work the same way, only that it would be within the district and the district would benefit from the smaller area to be served. Discussion followed. Commissioners had received resolutions from Neosho and Wilson Counties from the 31st District withdrawing from SEK Community Corrections. Labette and Cherokee Counties from the 11th District have signed resolutions to withdraw from SEK Community Corrections. The County Clerk was instructed to prepare a resolution to be approved at the next commission meeting.

IOLA, KANSAS OFFICE OF THE ALLEN COUNTY CLERK March 25, 1998

The Allen County Board of Commissioners met in a regular session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Jean Barber, Commissioner Dick Works and Jill Allen, Deputy Clerk.

Commissioners approved the March 11, 1998 meeting minutes.

Bill King, Public Works Director, discussed his groups meeting at last Thursday's SEK Regional Meeting held here in Allen County. He stated it was a good turn out considering the poor weather conditions.

Mr. King reported on a call from a county resident who was complaining about litter on her road. Mr. King said that he did check it out and the litter was very bad, two of his guys spent the whole day cleaning it up.

The three bridges on 169 Hwy have been discussed with Mr. Brad Fagan.

Elsmore black top speed limit is 45 mph. Mr. King thinks that the speed limit signs could be taken down. He has already discussed this with Sheriff Moore. Commissioners agreed with this idea.
Mr. King reported that the new Noxious Weed Director, Lynelle Stranghoner, is in Topeka taking her test today. Mr. King requested the commissioners' signatures on some paperwork having to do with the noxious weed department.

Lespedeza was discussed. It is the landowner's responsibility to spray for this particular weed. The commission feels it is more important for the weed director to keep the county right of ways in good shape, and then work with landowners on their problem weeds.

Mr. King has started to advertise for summer help.

Mr. King distributed bids on road oil. Bids were opened at 1:00 p.m. in the conference room on March 16. Those present were: Ken Augustine of Vance Brothers, Mike Diller, Jr., Jacqueline Webb, Register of Deeds, Bill King and Kim Riebel, Public Works Department. Commissioner Works moved to accept the bid from Coastal Refining providing they waive the 30/load moving charge and pump charge. Commissioner Barber seconded, motion passed.

Mr. King presented bids on used welders. These bids were also opened at 1:00 p.m. in the conference room on March 16, same people present. Commissioner Barber moved to accept the bid from Franklin Payne for $250.00, Commissioner Works seconded, motion passed.

Mr. Tim Kent, Allgeir Martin, discussed the monitoring wells at the landfill. The ground water sampling has been finished. This was a very extensive procedure, KDHE guidelines had to be followed. The sampling has to be done four times for the first year, and then semi-annually after that. Mr. Kent said the cost would probably be $4-5,000/sample.

Mr. Kent discussed the emissions from the landfill. Monitoring these emissions is a Federal rule for all landfills. Mr. Kent believes that Allen county's landfill is of the size that perhaps a full gas collection would not be necessary.

Mr. Kent asked the commissioners about building the next five acre cell. Mr. King said now would be a good time to do this, considering the height of the project. Mr. Kent said that a design drawing should be done in a few months, in order to be sent to KDHE. Mr. Kent presented a map of the project to the commissioners. Mr. Kent then discussed the elevation of the landfill with the commissioners.

Commissioner Works asked about the cost. Mr. Kent explained what his job would be. He will send in reports for statistical analysis. The ground water monitoring is what KDHE is insisting upon at this time.

Mr. King asked if there were signs that could be placed on roads near the landfill that say "No Littering".

Jim Gilpin, Iola Bank & Trust, presented Mid-America information to the commissioners. There are seven counties that have been involved. Lynelle Stranghoner, Noxious Weed Director, presented the Commissioners with the 1998 Noxious Weed Rules and Regulations. She explained the noxious weed laws permit the cost share of noxious weed chemicals, but not non-noxious weeds. Several landowners and city personnel are requesting the sale of non-noxious weed chemicals, by law she can not do this. She explained there could be a special resolution to sell municipal non-noxious weed chemicals. Commissioners will not do a resolution permitting the sale due to the private business in the
county that sells these chemicals already. Discussion followed. Lynelle will copy the K.S.A.'s to send out with letters refusing to spray private landowners. Commissioners will read the new laws and support the decisions of the Noxious Weed Director.

Commissioner Thompson moved to go into executive session for 10 minutes to discuss non-elected personnel, Commissioner Barber seconded, motion carried. Those present will be Commissioners, Clerk Riebel, Bill King and Sheriff Moore. The time is now 9:10. The Commissioners adjourned the executive session at 9:20. No action was taken at this time.

Weldon Padgett, City of Iola Administrator, Doug Colvin, Assistant to the City Administrator, Dan Leslie, Street & Alley Superintend, Ken Shetlar, Shetlar & Shetlar & Griffith, and Bobby Steiver, Shetlar, Shetlar & Griffith Representative, were in to discuss the Horville Road. Mr. Shetlar presented two maps of the proposed project. He explained each of the proposed projects in detail. Questions were asked and answered. Mr. Shetlar reported they could do a cost estimate on the project of choice or he could do a cost estimate on each. Bill King will talk to Gordon Conger to discuss the options he is willing to participate in so that the estimates of cost are realistic.

Bill needed signatures on Resolution for Bridge Project 1C-3515-01. The resolution commits the County to reimburse the Historical Society for actual expenses incurred, not exceeding the authorized amount, in making the type of investigation as shown in the letter.

Bill discussed the landfill building project. He discussed the bids from Day Construction and Decker Construction. Bill discussed the overlay being done throughout the county. He reported it is going great.

Bill discussed a bridge project located at the SE corner of Iola, which needs to be raised several feet. The estimate of the project is around $20,000.00. This is a heavy traffic road. Bill will take this bridge project out for bid.

Bill explained he needed a fund located in the general fund for transfer of landfill fees to be utilized. Commissioners will set up a fund named the Special Projects located within the general fund.

Bill requested a new computer tower for his office. Commissioner Works moved to authorize the purchase of a new monitor and tower for the Public Works Office. Commissioner Thompson seconded, motion passed.

Ron Moore, Allen County Sheriff, needed signatures for reinforcement of seat belt rules.

Sheriff Moore discussed the law suit from Mr. Sigg. Discussion followed.

Sheriff Moore, discussed the radios for the Marshall of Moran City. Commissioners approved the purchase of a car radio and a portable radio for Moran City.

Doug Cole, L.E.P.P. Coordinator, discussed the quarterly report for L.E.P.P.

Doug reported the grant he had applied for concerning a sewer problem in the area south of Humboldt would probably not be approved. Therefore, Doug will contact the concerned citizens and Ken Shetlar to proceed with the sewer district.

Doug reported he was going ahead on his own with the Zoning Regulations. He will then contact the Zoning Board.

Commissioners and Doug discussed the situation at LaHarpe and Gas Cities on sewer.

Stanley Dreher, 9th District State Representative, was in to discuss a bill on the cap on appraisals. He wanted to ask for input from the Commissioners before he goes back into session.
Commissioners assured Representative Dreher they are against the bill.

Ernie Davidson, SEK Health Department, was in to request carpet for the downstairs area of the Health Department. He had checked several places on prices. He stated the estimate was around $1,900.00 for the downstairs and stairway. Commissioners approved the carpet purchase request from the Health Dept. building and maintenance fund.

Ernie discussed the audit on the ambulances. He reported the billing reports are not itemized by individual but by runs. He explained how the billing works, some are manual and some are by computer. He discussed the hardware and software programs needed to update the billing. He stated he had found a company at Burlington who could write a software program. He presented two proposals for pentium and software. He requested the Health Department and the Ambulance Fund be used to purchase the needed software and hardware. Commissioners recommended Ernie contact the Crawford County Ambulance Department to see what they are currently using. No action was taken at this time.

Jack Graves, Iola Fire Chief, was in to discuss the fueling on the new ambulance. Commissioner Thompson explained the situation on the ambulance. Chief Graves explained some of the requirements on ambulances. Discussion followed. Commissioners approved Loretta Miller to take the ambulance out to Lassman Ford to have them inspect the fuel line. If any alterations are needed, they must get permission from the Commissioners before continuing.

Don Copley, Allen County Airport Advisory Board Chairman, presented a proposal letter for the Commissioners to approve to be sent to John Phillips, Allen County Airport Manager, to report a progress plan. Commissioners corrected and approved the proposed letter.

Allen/Woodson Counties Coordinator, Scott Shields, KDHE, Kendall Ashford, County employee, Kent Thompson, Dick Works, Jean Barber, Allen County Commission, and Clerk Riebel. Discussion followed with those present. There was some clarification on the square foot per linear lateral pipe line per bedroom house. There was no other business brought before the board concerning the L.E.P.P. Regulations. Commissioner Thompson moved to approve Resolution #98006, Allen County Sanitary Code, Commissioner Works seconded, motion passed. The public hearing was adjourned.

Doug reported on a situation on illegal dumping. Commissioners will send a letter notifying the landowner that it is illegal.

Commissioners approved the Cereal Malt Beverage License for Sunny Meadow Golf Course.

Loretta Miller, Moran Ambulance, and Sherry Lowry, Humboldt Ambulance discussed the problems with their ambulance. Commissioner Thompson told Loretta what he learned about the mechanics of the ambulance. Loretta is worried about the mileage the ambulance is getting. It is also a real problem just to fuel it up. Commissioner Thompson recommends keeping this
ambulance in Iola and Moran just keep the ambulance they've had. Iola would have another ambulance just in case.

John Phillips, Airport Manager, discussed prices for grass control at the airport. $1200/month was the cost for growth inhibitor. Mr. Phillips felt that amount was unacceptable. Commissioner Thompson questioned whether the county could contract with an individual to do some mowing. Commissioner Works asked about using the growth inhibitor on only one acre perhaps, just to test it. Mr. Phillips did have a recommendation on who could do the mowing. This person, however, does not have his own mowing equipment and would have to use the county's.

Mr. Phillips asked about the 20 acres of hay ground in his lease. This 20 acres is part of the 70 that is already being hayed. Commissioner Works stated that since it was under Mr. Phillips' lease, then it was up to him. If the man haying wants to buy the county's 1/3, this can be negotiated.

Mr. Phillips sent out bid specs for the fuel tanks. He left the two bids he received with the commissioners. Non-intrusive tank inspection is part of the bid. Broyles Inc. submitted the following: Bid part one is $2,850.00 and Bid part two is $12150.00. United States Environmental Services, Inc. sent Mr. Phillips a letter stating that they regrets not being able to respond to the bid invitation. Their firm does not perform underground storage tank installation as a primary function. Commissioners took no action at this time.

Commissioners and Mr. Phillips discussed flying lessons. Mr. Phillips has a contract dealing with the instruction plane. Commissioner Barber asked that Mr. Phillips send a copy of this contract to the commission.

Jack Graves, Iola Fire Chief, stopped by to find out what transpired with the ambulance situation. Commissioner Thompson told him that the Humboldt ambulance would go to the shop and Humboldt would borrow the new Iola ambulance. The Moran ambulance would be placed in Iola for evaluation. Moran would just keep using the ambulance they had previously used.

David Burnett, SEK Regional Planning Executive Director, discussed the short term agreement with Mid-America. He talked about construction and computer integration. He told of new staff members at Regional Planning. Mr. Burnett submitted a bill for dues to the county. Commissioners approved paying these dues. SEKRP budget proposed for next year does not present any change. 12 grants have been written and 10 have been funded. For every dollar the counties spend, Regional Planning is able to return $59 as an investment. SEK Regional Planning is able to write grants on behalf of Allen County, since Allen County is a Regional Planning member. The foundation cost of doing a grant is $6000.00. Mr. Burnett discussed a grant that he had written for the City of LaHarpe. SEKRP does have a grant writer on staff.

Estil Cottle, county citizen, stopped by the meeting to request a culvert. He explained to Commissioner Works where this culvert is needed. Commissioners will make sure this message get to the Public Works Department.

Alan Weber, County Counselor, talked about the Iola Computer Products bill. Mr. Weber and Clerk Riebel had reviewed this bill and felt that much of the bill was for correcting mistakes that ICP made themselves. The bill is very substantial for just two months of work. The bill is $4267.50. Commissioner Thompson suggested sending them part of the bill along with a letter explaining why the entire amount is not being paid. Commissioners agreed that Mr. Weber should write a letter to ICP and the county will pay part of the bill.

Commissioner Thompson reported he had talked with Mr. Wade and Allen County will acquire right-of-way by fall.

Commissioners told Mr. Weber of a property owner that has been dumping trash right next to a creek.

Commissioner Thompson moved to purchase some reference file cabinets for the commission office for $500.60, Commissioner Barber seconded, motion carried.
With no further business to come before the board, the meeting was adjourned until April 29, 1998, at 8:30 a.m. in the commission room of the courthouse.

Commissioners approved the following documents:

a) Clerk's vouchers #981102-981133 for $17025.70

Sherrie L. Riebel, County Clerk
Jean M. Barber, Commissioner

IOLA, KANSAS OFFICE OF THE ALLEN COUNTY CLERK July 1, 1998

The Allen County Board of Commissioners met in a regular session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Jean Barber, Commissioner Dick Works and Sherrie L. Riebel, Allen County Clerk.

Commissioners approved the June 24, 1998, meeting minutes.

Chuck Roath, Allen County resident, stopped in.

Bill King, Public Works Director, and Brad Fagan, Swab-Eaton, discussed a low water bridge located southeast of Iola. He presented them with projections of the project which the Commissioners can add to or delete. The low water bridge is independent of KDOT. He also discussed the Marsh Arch Bridge. He stated the bridge would have to widen to meet current regulations. Commissioners will consider the engineering contract presented.

Bill reported he was interviewed on the Seven Arch Bridge by the Kansas City Star.

Richard Bradford, Allen County resident, discussed the little Osage low water bridge on North side of the property, section 8 in Osage Township. The current is washing across his field from the bridge. The Public Works director will discuss this problem with consulting engineer Brad Fagan.

Randy Frank, City Marshall of Moran, stated that residents in Moran do not call in to the Iola dispatchers for non-emergencies because it is a long distance call. He asked if maybe the commissioners would consider providing a toll-free number for this purpose. Commissioner Thompson stated that perhaps the 911 committee should discuss this. Commissioners will look into this suggestion and find out what the cost would be.

Bill asked if he could borrow some tables for an employee picnic on August 22. Commissioners approved this request.

Bill reported that a Carlyle resident came in and requested speed limit signs be placed on roads
through Carlyle. This is due to the recent conditional use zoning permit for a new quarry east and north of Carlyle. Commissioners stated the only reason they could limit the Texas Road to a speed limit is because of Carlyle but not on the rest of the road. All county roads will be the same speed limit unless it goes through a town.

Bill discussed the proposed building at the landfill. He discussed fuel tank options at the landfill. Bill will get more information ON LARGER FUEL TANKS AND INSTALLATION COSTS FOR THE COMMISSIONERS CONSIDERATION.

Bill requested sending two of employees to a meeting on low volume road safety in Manhattan. The employees will attend a meeting on road signals. Commissioners approved.

Bill stated the storm tore up trees and roads, he stated his crews are in need of some new chainsaws. Commissioners requested that he present costs of equipment for replacement.

Commissioners approved the new county employee evaluation form.

Weldon Padgett, City of Iola Administrator, stated due to the storm he had received a call for water from the City of Fort Scott. Commissioners stated they did not have a tanker to hold portable water.

Commissioners congratulated Mr. Padgett on the birth of his new baby.

Dan Kline, Executive Director, and Bill Fiscus, Administrative Director, presented Tri-Valley Developmental Services 1999 requested budget. Mr. Kline reported they are requesting a 3% increase for 1999. The total request is for $52,530.00. They presented a pamphlet of mission statement and activates offered by the CDDO. Discussion followed. Commissioners will consider their request.

Ron Moore, Allen County Sheriff, discussed wages. Commissioners approved the proposed increases for deputies and jailers.

Commissioners discussed the current jail.

Commissioners discussed the filing of coroner in a timely manner. Commissioners are going to send a letter to the deputy coroner stating the need for faster filing of the report and that payment will not be made until the death certificates have been issued.

Karl Allen, President of Natural Resources Conservation Service, presented NRCS's request for 1999 budget. He stated the only change reflects the secretary's wage. He said they try to give her a raise comparable to the courthouses raises. Discussion followed. Commissioners will consider the requested 1999 budget, which was for the same amount as last year.

Sherrie presented the Commissioners with July 1 estimated county valuation for 1998 tax roll.

Doug Cole, L.E.P.P. Coordinator/Zoning Administrator, discussed the sewer district south of Humboldt.

Doug Cole, L.E.P.P. Coordinator/Zoning Administrator, presented the Commissioners with a resignation letter, stating his last day will be July 17th. Commissioners requested Doug write up a job description for the advertisement for the position he is leaving.

Commissioners discussed with Judge John White the 31st Judicial District Community Corrections program. Judge White was unable to answer certain questions which were raised by the commissioners, so he will set up a meeting with Judge Lorentz, Phil Young and Commissioners once a flow chart of operation is completed.

Alan Weber, County Counselor, discussed the auditor's report on transfer of money from tipping fees to other funds.

Alan discussed the Hunt Midwest Zoning Hearing on June 25, 1998. He highly recommended the Commissioners approve the Planning Boards decision. He informed the Commissioners the
resolution stated that Hunt Midwest will not mine within 515 feet of the center line of Deer Creek and it is understood by all parties to mean the current center line of Deer Creek. Commissioners reviewed the Planning Boards Resolution 98PB01. Commissioner Barber moved to accept the recommendations of the Allen County Planning Board. Commissioner Works seconded the motion, motion passed 3-0-0. 

Jan Harran, Graphic Art representative, discussed graphic maps. Ms. Harran will order 225 for Allen County's distribution. Commissioner Barber moved to approve the inclusion of Allen County buildings on a graphic map. Commissioner Thompson seconded the motion, motion passed 3-0-0. 

Commissioners approved the Kansas Drivers Licenses Office hours to remain the same as they are currently, 7:30 to 5:30. The examiners will be temporarily using the museum room during renovations out the National Guard Armory. 

Commissioners approved the following documents: 
  a) Clerk's vouchers #981720-981804 for $78187.21 
  b) Abatement #14322, value 503, $77.62 for tax roll 1997 

Kent Thompson, Chairperson           Dick Works, Commissioner 
Sherrie L. Riebel, County Clerk           Jean M. Barber, Commissioner 

IOLA, KANSAS            OFFICE OF THE ALLEN COUNTY CLERK    July 8, 1998 

The Allen County Board of Commissioners met in special session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Jean Barber, Commissioner Dick Works and Sherrie L. Riebel, County Clerk. 

Commissioner approved the minutes of the July 1, 1998, commission meeting minutes. 

Betty Daniels, Allen County Treasurer, requested her part-time help go to full time as of July 16, 1998. Commissioners approved. 

Mike Russell, KIKS Radio, discussed the Allen County Community College's budget. He questioned as to why the valuation was down from November 1, 1997. Clerk Riebel explained that July 1, 1998 was up compared to July 1, 1997, and will probably go up more once all of the state assessed are certified. 

Commissioners and Mr. Russell discussed the L.E.P.P. Coordinator's resignation. 

Bill King, Public Works Director, and David Broyles, Broyles Inc., discussed the proposed fuel tank for the landfill. He discussed KDHE requirements for mobile tanks which is what is proposed. He reported a dirt berm would have to be approved by KDHE using the old fuel tank style, but a double walled tank would not need a berm. Total cost is estimated at $15,000.00. It would be more efficient to have a fuel storage at the landfill. Commissioners approved the double walled tank, and asked Bill to ask for bids. 

Mr. Broyles stated the airport fuel tanks are on track to be in compliance by December 31, 1998. 

Elmer Tatsch, Rural Water District and Chuck Richey, Water Plant, were in to discuss the bill from Tatsch Construction the Commissioners had earlier denied. Discussion followed. No action was taken at this time. 

Bill reported that two Public Works employees will resign. Commissioners approved the filling of one job as promotion of another employee and the other will need to be advertised. 

Bill discussed Richard Bradford's problem on the overflow bridge by Mildred. Commissioners discussed the height of the guard rails.

Weldon Padgett, City of Iola Administrator, Jack Graves, Iola Fire Chief, and Judy Brigham, City of Iola Clerk, discussed the proposed billing for the ambulance. The SEK Health Department will not be doing the billing as of December 31, 1998. The City of Iola presented a proposed billing system where an assistant administrator could spend part-time on billing. Mr. Padgett explained how some other cities bill for their ambulances. Discussion followed. Commissioners will consider the proposal.

Dave Beck, Emergency Preparedness Director, discussed the 911 addressing information. He requested to put the information on the internal network for information purposes only, there would not be any way of changing the information except by Dave. This will benefit all the departments within the courthouse. Commissioners approved.

Commissioners and Dave also discussed 911 mapping. He reported it was in progress, but was not completed. Commissioners approved Dave to have the 911 map installed on Allen County's web page.

Sandra Drake, Allen County Appraiser, discussed a citizen complaining about appraisals.

Clerk Riebel discussed Meals on Wheels. Commissioners approved the North route be divided in to a third route. A request will be made to the public to help cover the third route.

Commissioner Works discussed the ADA renovation at the Humboldt Senior Center. Commissioner Works reported Advantage Home Repair Service of Savonburg's bid was half of Hofer & Hofer's bid. Commissioner Works moved to accept the bid from Ron Daniel, Advantage Home Repair Service. Commissioner Barber seconded the motion, motion passed 3-0-0.

Commissioner Thompson explained a visit he had from Marlan Danford, LaHarpe Fire Chief, requesting a radio for their fire truck. The fire truck was donated by the City of Iola but they did not have a radio. Commissioners will check with Sheriff Moore if he has any old used radio's LaHarpe could have.

Alan Weber, Allen County Counselor, discussed zoning, since the Zoning Administrator's position will be vacated on July 17, 1998. The current law suit by Hunt Midwest was discussed, Alan reported the suit will likely be dropped after the 30 day appeals process is up.

The Allen County Board of Commissioners met in regular session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Jean Barber, Commissioner Dick Works and Jill Allen, Deputy Allen County Clerk.

Commissioners corrected and approved the September 23, 1998, meeting minutes.

Bill King, Public Works Director, reported on the airport advisory board meeting that took place last Saturday. The primary goal is to keep the airport open. Mr. King made suggestions to the airport board. Mr. King wrote a job description for airport manager position for the commissioners to review. The airport board would like to interview for a new manager and then present their recommendations to the commissioners. Mr. King also reported on bills received for fuel. Mr. King felt the airport meeting was very worthwhile. Mr. King handed out the job description to commissioners.

Mr. Richard Bradford asked if a decision had been made on a bridge he had inquired about. Mr. King has talked to engineers about the bridge and was told there is as much capacity now as there was before it was installed. Mr. Bradford says that his field has washed out ever since the bridge was put in. Mr. King said that whistles were suggested by the engineers. If the guard rails are raised, the machinery will not get through. Schwab-Eaton are the engineers Mr. King refers to. Mr. Bradford asked if the rails could be replaced by heavy cables. Mr. Bradford stated the over flow should have been left alone. Mr. Bradford suggested to dig the east bank out and put it back about 10 feet. Mr. King will be in touch with Mr. Bradford on this project.

Mr. Don Copley and Mr. Bob Hawk of the Airport Advisory Board joined the meeting. Mr. Copley was not at the airport meeting on Saturday. Mr. Hawk discussed the role of the advisory board. He stated that the board feels the airport would be better served with a county employee. It was recommended that the airport manager be part of Mr. King's department. Once this individual is chosen, then hours the airport will be opened will be evaluated. Mr. Hawk talked about different names brought up for this job. Mr. Hawk suggested an Allen County Airport sign be placed at the airport. Mr. Copley stated that Mr. King's office would have more work to do if the airport is run through that department. He also mentioned that the person hired as manager would have only Bill and the commissioners as supervisor. Commissioners are now at the point where this position will be advertised.

Mr. John Phillips stopped in to find out what the commissioners have in mind for the upcoming month for the airport. Mr. Phillips' contract is good through the end of October. Mr. Phillips asked about a committee that was appointed to run the airport at Farm/City Days. Mr. Phillips heard this on the radio, but commissioners told him this was incorrect information, as they knew nothing about such a committee. Mr. Phillips asked for an extension of two days at the end of his contract because of him working on the weekend of October 17 and 18, which is Farm/City Days. Commissioner Barber stated that the two extra days should not cause a problem. Commissioners approved an extension of two days, therefore Mr. Phillips will have his property removed by November 2. Some mowing equipment at the airport has been released to Mr. Copley. Mr. Phillips stated that he is keeping the fuel at a minimum. Mr. Phillips requested that he receive his final paycheck the day he leaves the airport. He also requested that at least one commissioner and a notary be present at the time he hands over the keys on his last day. Mr. Phillips cancelled the insurance as soon as he found out his contract would not be renewed. Mr. Phillips will be at the airport on Farm/City Days. Mr. Phillips will sell the fuel to the county at $1.80 and $1.90 with no tax. It was decided that the fuel just be returned, the county does not want to
Mr. Phillips requested that the commissioners or a commissioners representative come to the airport to go over the current airport inventory. Commissioners will go to the airport on October 21 at 9:00 to do this.

Mr. Ed Walken, Crescent Oil, stopped by the meeting. Mr. Walken discussed Crescent supplying fuel to the airport. Mr. Phillips contacted Mr. Walken about the fueling facilities. Mr. Walken asked what the plans were for the airport. Commissioner Thompson responded. Crescent Oil wishes to remain the fuel supplier for the airport. Commissioner Thompson asked if a representative of Crescent could go to the airport to remove the fuel from the tanks. Mr. Walken will contact Mr. Phillips about this. Commissioner Works asked if Mr. Walken knew of any training available for managing a tank facility, etc. Mr. Walken stated there is a set of tapes that could be reviewed. There are also seminars held. Certification helps with insurance.

Commissioners received a resignation letter from Ginger Roberts. Mrs. Roberts is resigning from the Allen County Planning Board. She offered her assistance in finding a replacement.

Mr. King reported on work done by KDOT on the Highway 169 project affecting county roads and ditches. Mr. King feels like there are several corrections that need to be made by the contractor for KDOT.

Mr. King reported that a seasonal employee of his will be taking the position on the bridge crew.

Commissioners approved Mr. King advertise or call for some new chain saws. He is in need of replacing three or four chain saws.

The Commissioners approved a scheduled raise for a county public works employee. Mr. King reported on employees that have received raises. As these employees improve job skills, they move up the pay scale. After the first of the year, other raises will be discussed.

Mr. Kendall Ashford, County Cartographer, presented a map to the commissioners. He has been going through old maps and wishes to know which ones can be disposed of.

Becky Nilges, Iola Area Chamber of Commerce, asked if a decision had been made about the Christmas Card request previously made. Ms. Nilges stated that businesses or organized groups could place a card. Commissioner Works said he likes the courthouse just as it is, without a Christmas Card display. Commissioner Thompson said he thought 8-10 cards would be sufficient. He questioned the religious aspect of it, the county must be very careful so as not to offend anyone. Ms. Nilges stated that these cards would only be up for one weekend, Dec 18-20. Commissioner Works said that he could support a weekend of the cards. Commissioners approved the card display for the one weekend.

Ms. Nilges asked if permission could be granted to put luminaries around the square on December 5, for Santa’s visit. Commissioners approved this request.

Ms. Nilges reported on other decorations discussed by the Pride Committee. She asked about the lights that go on the courthouse for the Christmas season.

Mr. Jim Nelson, Elsmore City Councilman, asked about the strategic plan. Commissioners discussed this with Mr. Nelson. It allows the county to have an enterprise zone.

Commissioner Thompson reported on a call from Albert Radford.

Alan Weber, Allen County Counselor, discussed the rescue vehicle grant, all is in order.

Commissioners discussed an illegal dump with Mr. Weber. Commissioners have tried to cooperate with this individual, as well as with the property owner. However, all attempts at getting this cleaned up have failed. Commissioners requested Mr. Weber send a letter. Commissioners asked if there were penalties on such a crime. Mr. Weber will look into the
state statutes on this subject.

Commissioners asked Mr. Weber's advice on how to handle the airport situation. Mr. Weber made suggestions, such as the inventory list.

Commissioners approved the following documents:
   a) Clerks vouchers #982770-982859 for $59878.59
   b) Abatement #14341, value 216, $29.96 to the 1997 tax roll

With no further business to come before the board, the meeting was adjourned until October 7, 1998, at 8:30 a.m. in the commission room of the courthouse.

IOLA, KANSAS                OFFICE OF THE ALLEN COUNTY CLERK October 7, 1998

The Allen County Board of Commissioners met in general session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Dick Works and Sherrie L. Riebel, County Clerk. Commissioner Jean Barber was absent due to KAC board meeting.

Commissioners corrected and approved the September 30, 1998, meeting minutes.

Bill King, Allen County Public Works Director, discussed the high water problems. All the high water has caused several wash outs on roads and bridges.

Bill discussed a well on a county right away that needs filled with rock. Commissioners approved to proceed with the project.

Bill reported on a road that is Humboldt City's but the people live on the county right of way. This road needs a pipe to drain water.

Bill presented pictures of an overflow bridge that always washes out when it rains. Bill reported they will be pouring a cement approach on each side of the bridge. The cement approach will act as a spill way for when the water is high.

Commissioners, Clerk Riebel & Bill discussed the inventory at the Airport.

Commissioners reviewed an airport map received in the mail.

Judge Fred C. Lorentz, 31st Judicial District, discussed the need of an advisory board for the Juvenile Justice Authority. Judge Lorentz proposed the Commissioners commit $3,000.00 per year for the next three years to be able to hire a competent director for the Department of Community Corrections and Juvenile Justice Authorities. He explained he was proposing the same thing to the other participating county commissioners and school districts involved in the district. He stated if there was a competent director, they could apply for all the grants available to further fund the DOC and JJA. Commissioner Works stated the county funds SEKRPC. A part of their duties is to apply for grants for the counties involved. He stated they had visited with SEKRPC. Judge Lorentz explained he was not requesting the funding at this time, he was visiting with all the counties and school districts that would be involved. Commissioners asked if there was to be a certain qualified person to appoint to the JJA Advisory Board. Judge Lorentz stated yes, but the appointment will need to wait until the skeleton plan of the advisory board is in order. He also stated they will need an administrator county. Commissioners approved Allen County to be the administering county, since Allen County is already set up for Department of Community Corrections and Juvenile Justice Authority payroll and billing. Commissioner Thompson signed the Interlocal Agreement for Juvenile Corrections Services, Clerk Riebel
at testified, Jill Allen notarized.

Commissioners approved the lower level of the courthouse be open the day of the Veteran's Day parade, November 7, 1998, from 11:00 am to 3:00 pm.

Jack Graves, Iola Fire Chief/EMS Director, presented specs for a remount ambulance. He projects $30,000.00 to $40,000.00 for a remount and $80,000 to $85,000.00 for a new ambulance. Chief Graves reported the bid specs are similar to the last remount ambulance. Commissioners approved to go forward with accepting bids on a remount.

Chief Graves questioned the letter from the State of Kansas Board of Emergency Medical Services. The letter stated issues the county needs to address. Commissioners reviewed each issue listed. Chief Graves stated the Commissioners would need to be more involved in the requirements of mandatory training. Chief Graves stated the classes offered by the EMS in Iola are currently offered in the evening as well as during the day. He stated they offer 24 hours and there are different times to accommodate all Allen County EMT’s. He stated the state only requires 14 hours a year to remain certified. He requires his employees to get 20 hours of training a year to remain on the force. Commissioners will review the letter with Commissioner Barber. No action was taken at this time.

Clerk Riebel discussed ambulance billing. She reported the county would take over billing December 1, 1998. Clerk Riebel requested permission to purchase a lateral file cabinet to accommodate the ambulance records.

Paul Hibbs, Allen County resident, discussed a summons by the court in regards to the Sutcliff case.

Mike Lewis, Victor L. Phillips, Company, updated records of current commissioners. Mr. Lewis discussed upcoming demonstrations of heavy equipment. Discussion followed concerning heavy equipment.

Alan Weber, County Counselor, discussed Allen County’s regulations on solid waste management. Commissioners supplied him with a book of the regulations.

Commissioners directed Alan to proceed with the steps to acquire property for temporary right away easement.

Commissioners discussed the Sutcliff case, it is still pending.

IOLA, KANSAS  OFFICE OF THE ALLEN COUNTY CLERK  October 21, 1998

The Allen County Board of Commissioners met in regular session at 8:30 a.m. with Chairperson Kent Thompson, Commissioner Jean Barber, Commissioner Dick Works and Sherrie L. Riebel, Allen County Clerk.

Commissioners corrected and approved the October 14, 1998, meeting minutes.

Bill King, Public Works Director, discussed the airport advisory board meeting last Monday, for the purpose of discussing job applications. No action was taken at this time.

Commissioners adjourned the meeting to reconvene at the airport for inventory purposes. They will reconvene in the conference room at 10:00 a.m. No action was taken.

Sandra Drake, Allen County Appraiser, requested leave without pay for an employee in her office. Commissioner Works moved to approve, no Commissioners seconded the motion, motion failed 1-2-0

Beth Ray, Historical Museum Secretary, reported there is no heating or air conditioning vents in the museum room of the courthouse.

Sandra requested to purchase a fax machine for her office. Commissioners approved her to get prices for fax machines.

Sandra reported Marty Taylor, L.E.P.P. Coordinator/Zoning Administrator, will have meetings at KAC this year.

Mr. Eldon Hinton, Allen County Landowner, and Eddie Radford, Allen County Citizen and tenant of the mentioned property, discussed the area of land he is renting east of Iola that floods. He reported that certain parties had dumped building materials without his permission. He reported he had talked to someone at State of Kansas who informed him he could dump old wood, stumps, sidewalk pieces and cement. Commissioners stated Mr. Radford could not fill in the property as long as it is in the flood zone. Commissioners told him to contact FEMA, but in the commissioners opinion, FEMA will still not let him add fill to the property. Mr. Radford stated that he had received letters from Kansas Department of
Health and Environment addressing the same problems. Commissioners had previously given Mr. Radford until November 15 to clear the rubble and debris and Mr. Radford requested an extension. Commissioners stated that November 15th will remain the deadline to have illegal materials cleaned up. Mr. Hinton and commissioners agreed that Mr. Radford should have property cleaned up as soon as possible.

Bill King requested pay changes.

Bill presented chain saw bids from Hawley Logging and Lumber, $400.00, Storrer Implement, 15”bar for $409.96, 18” bar for $410.51, Alco Implement, 16” bar for $239.96, J & W Equipment, 16” bar for $279.50. Commissioner Barber moved to purchase four Stihl chain saws from Alco Implement for $239.96. Commissioner Thompson seconded, motion passed. 3-0-0

Shari Lowery, Humboldt Ambulance Director, Jack Graves, Iola Fire Chief/EMS Director, Denise Bird, Lee Roberts, Moran Ambulance Attendants, discussed the continuing education for the EMS classes. Mr. Graves stated he didn’t have any concerns about the attendants attending the Iola classes, but when they all train at the same time, they are aware of the same protocols. Shari stated the problem is her attendants work in Chanute and by the time they get off work and cleaned up, the evening classes are already started. She stated they attend classes in Yates Center on weekends. Commissioners asked if his trainer would do weekend classes. State requires 14 hours minimum of training. Jack requires 24 hours minimum for his attendants. Shari stated they are losing people now due to the fact that re-certification is difficult to obtain when classes are not offered at convenient times. Shari stated it is hard to have classes limited to Iola. Denise asked if the classes could be offered several different times, but at different hours. Commissioner Thompson asked if the class could be offered in the morning, in the afternoon and a Saturday morning? The question was also asked if one of the classes could be offered in Humboldt or Moran? Jack stated that going to Wichita to class, the attendants aren’t offered as much on Allen County’s protocol. The consensus was that local classes and Wichita are both good. Commissioners asked if their was a way of making Iola classes a priority over Wichita. Shari stated there was but she hated to limit it to just Iola. Jack stated the schedule for Iola’s classes are set up at the end of the year. Commissioners stated if Jack made the schedule up at the end of the year, could he make some of them on Saturdays. Jack will consider the classes as an eight hour training day on Saturdays. Jack stated he felt there should be a mandatory number of hours taken in the county. Commissioners questioned if the hours could be mandatory up to a certain hour in Iola and that the rest of the hours could be open to other places. Discussion followed on the volunteers and their regular jobs and the juggling of hours back and forth. Shari stated she would like to see the option of where they obtain the training left open. Problems of the same protocol are apparent. Commissioners stated they felt the training should be left open to the attendant and encouraged to attend Iola’s classes. 14 hours of training will be required by the county as well as the state. Further qualifications require more hours of training. Jack requested each attendant send in their own re-certification. He stated that the state will kick out a whole group if one is not correct. Commissioners approved the attendants sending their own re-certification in. Attendants will be required to turn in the classes taken for the year at the time the re-certification is reimbursed.

Ron Moore, Allen County Sheriff, discussed the possibility of physicals for his deputies because of the volatile chemicals they sometimes come in contact with. Commissioners approved.

Sheriff Moore requested permission to purchase an exhaust fan for his department. Commissioners approved.

Sheriff Moore requested permission to purchase a radio for a 911 vehicle. Commissioners approved.

Alan Weber, County Counselor, informed the commissioners that the hearing for the condemnation of Johnny Rinehart’s property, project #1-C3902-01 will be November 13, 1998.
Clerk Riebel discussed the employee handbook revisions.

Clerk Riebel presented bids for a lateral file cabinet for ambulance billing records. Bids presented by Navrat’s for $425.50 and Iola Office Supply for $428.73. Commissioner Works moved to accept the bid from Iola Office Supply for $428.73. Commissioner Barber seconded, motion carried 3-0-0

Bill King, Public Works Director, Darrell Stokes, and Bob Miller, of the public works department joined the meeting. He reported on an unhappy county citizen. Mr. Stokes commented on the situation. It was suggested that the Sheriff be informed about this. Mr. King stated that the Sheriff has been told. Sheriff Ron joined the meeting. He stated that what was happening could be considered disorderly conduct and charges could be filed.

Kendall Ashford brought in a map to show the commissioners. The commissioners, Mr. King and Mr. Ashford discussed the map. Salem Township drainage problems were the issue and several proposals were presented. No decision was reached.

Mr. King talked about the Seven Arch Bridge, project #1C-3515-01.

Mr. King discussed the airport. The employee currently taking care of the airport procedures is doing a good job thus far. Commissioner Thompson moved to allow this employee stay there as the airport manager on a probationary period of 6 months, Commissioner Works seconded. Motion passed.

Mr. King discussed a letter he had sent to the former airport manager. He also talked about a phone that is minus a charger. Commissioner Thompson suggested the County Counselor write a letter to this person.

Mr. King told the commissioners about an individual who is interested in doing airplane mechanical work at the airport. Commissioner Thompson asked about a contract with this
person, in order to take care of the county=s liability. Commissioners will ask the County Counselor about this.

The question of whether the county has the right of refusal for hangar space was discussed. Commissioners felt that due to the transition of management, and other complaints from people with hangar space, the county has the right to accept or refuse. Commissioner Barber mentioned a contract for hangar space. This has been suggested before, but was never finalized. This matter will be discussed with the County Counselor.

Mr. King reported about Don Copley talking about the zoning of the airport. Discussion followed. No decision was reached about starting the zoning procedure.

Mr. King presented a letter from Lorenzo Jenson concerning the airport.

The wiring at the airport was discussed. Mr. King got a bid from Hoffmeier Electric. He also talked to Gary Stout about this. Gary Stout had a different suggestion from Hoffmeier. Stout suggested keeping the 1500 watts, and just rewiring the necessary parts. Some of the wire can be salvaged, but not much.

Mr. King asked the commissioners if his department supervisors could sit in on a meeting that has to do with budget. Commissioners felt that was fine.

Mr. King talked about his employee of the month program. He asked if employee of the year and supervisor of the year could get a day off with pay. Commissioners will consider this, no action was taken.

Sheriff Moore talked about an accident report of one of his deputies.

Sheriff Moore discussed meth labs. Anhydrous ammonia and ether are used in the labs around Allen County.

The jail has been having 23, 24 or 25 prisoners this past week. Sheriff Moore called the company that was supposed to get some pricing information. However, he is still waiting for this information concerning jail construction.

Sandra Drake, County Appraiser, asked if she could have a notary in her office. Commissioners approved this request.

Mrs. Drake reported that one of the old IBM 36 computers has gone down in her office. Commissioners approved Mrs. Drake to purchase a new computer from Iola Computer Products, like the one previously approved for Clerk Riebel.

Mrs. Drake talked about the maintenance of the mapping program. Commissioners suggested Mrs. Drake talk to a person here in town that could possibly maintain the system.

John Phillips stopped in to discuss a letter he had received from Bill King. He stated he was told to dispose of the beacon. The beacon was inside where all the oil was. Mr. Phillips hauled this stuff off, including the beacon, to the landfill. The picture and the propeller will be returned to the airport after he leaves. Mr. King asked about the charger for the phone. Mr. Phillips said it probably got packed in his stuff and when he unpacks it, he will send it back. He will not go through his stuff that is already packed to find it.

Mr. Phillips asked about the reasoning behind not allowing him hangar space. He is speaking about the big hangar. Several mechanics will have the opportunity to use this space. A contract will be worked out with the County Counselor. Mr. Phillips brought up Federal laws, the commissioners will consult with their attorney on this subject.

Commissioners read a letter from Tri-Valley, stating that a member had resigned. Commissioner Barber will talk to someone about his. No action was taken.
Commissioners discussed replacing the vacancy on the Zoning Board. Commissioners came up with a name and the clerk’s office will send a letter asking this person to serve on the zoning board.

Sheriff Moore presented some information on a new jail. He told them how one county had constructed a jail and paid for the new facility by renting out the beds to other counties by contract.

County Attorney, Nan Weber, talked to the commissioners about bids taken from ICP and ACE based on the minimum requirements of the new system. Commissioner Thompson moved to approve the purchase from ICP for $1065.00, Commissioner Barber seconded, motion passed unanimously.

Mrs. Weber told the commissioners that she needs her own internet access in her office. Her office deals with the KBI and she can not shut down just when ever someone needs her to.

Mr. King and JR Crowe visited with the commissioners about some beams.

Alan Weber, County Counselor, reported on some issues. They talked about the county resident that needs to do some clean up work on his property.

Mr. Weber discussed house bill 2150. It has to do with swine producing. Ernie Davidson had concerns over it.

Commissioner Works asked Mr. Weber about hangar space at the airport. Mr. Weber stated the county has the right and should be careful of who is allowed to rent space. They are not discriminating based on a suspect category. It is all about business judgement. Commissioners wish to start a new waiting list for the hangar space. Commissioner Barber asked if mechanic work is done, should their credentials be on file. Counselor Weber stated that was not necessary since the mechanic work would not be represented by the county.

Mr. Weber asked about a resolution that established the airport advisory board. Mr. Weber stated there should be written regulations for the hangars, etc. The mechanics using the airport would have to have their own liability insurance.

Commissioner Works asked about what was left to be done on the Strategic Plan.

Commissioner Works asked if an ad had been placed about farm land. Commissioner Thompson will take care of this.

Chuck Apt stopped by the meeting to discuss the Guardian Ad Litem Contract. He does not wish to renew his contract with the county.
